

Subscription Dating Platform Game Plan

Core Positioning

Women join free forever. Men pay one monthly membership fee for unlimited access. No tokens. No pay-per-message. No hidden costs.

Brand Message

Membership, not microtransactions. Unlimited access. One monthly fee. Connections shouldn't cost credits.

Launch Strategy

Acquire women first. Focus on supply before monetisation. Build a waitlist of men before launch.

Geographic Strategy

Launch in one city only. Recommended: London.

Target Ratios

300 women and 100 men initially. Density matters more than total users.

Pricing

Founding membership: £9.99/month for first 500 members. Standard membership: £29.99/month.

Core Features

Profiles, messaging, search, notifications, subscriptions and verification.

Phase 2 Features

Voice notes, video introductions, AI icebreakers, private albums and events.

Long Term Vision

Transform from a dating site into a lifestyle community built around experiences and trust.
